[Design of the Nephrotic Syndrome Study Network \(NEPTUNE\) to evaluate primary glomerular nephropathy by a multi-disciplinary approach](#). Kidney international. 2013;83(4):749-756. doi:10.1038/ki.2012.428. PMID: 23325076 PMCID: PMC3612359.

The Nephrotic Syndrome Study Network Consortium, U54-DK-083912, is a part of the National Institutes of Health (NIH) Rare Disease Clinical Research Network (RDCRN), supported through a collaboration between the Office of Rare Diseases Research, NCATS, and the National Institute of Diabetes, Digestive, and Kidney Diseases. Additional funding and/or programmatic support for this project has also been provided by the University of Michigan, the NephCure Kidney International and the Halpin Foundation.
